

When it comes to sepsis, remember
IT'S ABOUT TIME™. Watch for:

TEMPERATURE

higher or lower than normal

INFECTION

may have signs and symptoms of infection

MENTAL DECLINE

confused, sleepy, difficult to rouse

EXTREMELY ILL

“I feel like I might die,” severe pain or discomfort

Watch for a combination of these symptoms. If you suspect sepsis,
see a doctor urgently, CALL 911, or go to a hospital and say,

“I AM CONCERNED ABOUT SEPSIS.”
